**KABA®**

# Service, Maintenance and Repair Portfolio

All makes, all styles, nationwide, tailored to your needs

# Keeping you legal, keeping your business running ....

Automatic sliding, swinging and folding doors

Industrial and commercial shutters and sectional overhead doors

Revolving and circular sliding doors and high security interlock doors

Kaba repair, service and maintain any type or make of automatic, revolving or industrial door, shuttergate or barrier. A nationwide network of strategically positioned offices guarantee's a fast response to customer needs by local engineers ensuring peace of mind 24 hours a day, 365 days a year. Engineers are highly skilled, trained to meet industry standards and always aim to exceed customer expectations. Our unrivalled product range fulfills customer needs for safe and secure access at all internal and external entrances / exits whilst ensuring compliance with current safety regulations that affect all businesses e.g. Disability Discrimination Act (DDA) and Regulation 6 of the Provision and Use of Work Equipment Regulations 1998 (PUWER).

## Upgrades & replacement doors

To ensure continued optimum operation of doors and shutters and compliance with current safety legislation it may become necessary to upgrade some of your equipment. Kaba's sales and technical teams have a wealth of knowledge and experience to provide guidance.

## Repair

Kaba's extensively equipped workshops and well stocked vehicles ensure a speedy resolution to your access problems regardless of what make or type of door you have. Our 24 hour emergency call-out service offers security and peace of mind. Call us on 0800 616516

## Maintenance

Preventative maintenance is the most effective way to ensure doors continue to work safely and effectively whilst optimising cost over lifetime. Contract maintenance not only avoids the development of costly faults but also ensures your doors operate effectively and efficiently meeting your fire and health and safety obligations. The frequency of visits will be dependant upon the use of the door. Kaba will undertake a free inspection to assess your servicing needs and discuss your response requirements before offering a competitive quotation. Extended warranties are also available in conjunction with contract maintenance.

## Monitoring

Kaba has a service management system that records all service history therefore enabling swift problem diagnosis.

# Kaba, making access easy, safe and secure

Doors suitable for disabled access to meet your DDA requirements

Industrial and commercial shutters & sectional overhead doors

Turnstiles and gates to control and guide access

## Kaba - quality guaranteed

Kaba's quality accreditation and industry association memberships give assurance of the high standards of service and workmanship you can expect to receive. Additionally membership of bodies such as Constructionline, CHAS and SafeContractor give assurance of health and safety excellence.
